

The content you need, when you need it.

The University Licensing *Select* program from Rehab Essentials is designed to provide you with the flexibility and support to optimize the student experience, faculty commitments, resources, and budget. With a full catalog of world-class content, University Licensing *Select* can be blended into any curriculum. Plus, our cohort based pricing is a cost-effective solution to your program's educational needs.

Introducing *University Licensing Select*

We deliver the foundational content, you create the high-impact applied learning experiences.

Our world-class online seminars, modules, and courses are presented by subject matter experts and are rooted in current evidence-based distance learning practices. This allows your faculty to focus on high impact applied learning experiences, while students learn the foundational information from Rehab Essentials budget-friendly seminars, modules, and courses. To further support your faculty, University Licensing *Select* includes instructional activity design and assessment resources.

Budget-Friendly Solution

University Licensing *Select* is the world-class content you have come to expect from Rehab Essentials with an unparalleled distance learning experience. Our flat, cohort-based pricing is a cost-effective solution to your program's educational needs. Plus, when you license 3 or more seminars, modules, or courses, a bundle discount will be applied. University Licensing *Select* allows you to free your faculty to focus on higher impact, immersive learning, and other scholarly pursuits.
